FOR STREET BILLS

Shredded Wheat is whole wheat boiled, shredded, formed into blecilt and based all the Order to Move Reconsider-Order to Move Reconsideration of Vote.

STANNARD ON FAIR BOND BILL

Says It Was Not Acted Upon Friday Because It Has Not Reen Reported by the Committee.

Members of the House of Delegates who voted last Friday to lay over seventeen street reconstruction bills for two weeks will have an opportunity to show their attitude toward public improvements. James H. Cronin, who represents the Fifth Ward, will offer a motion to-morrow for reconsideration of the vote, and will ask that the bills be placed on their passage. Messrs. Cronin. Sweepey and Stannard promise to vote for the measure.

"I'm in for public improvements," Mr. Cronin said. "And let me tell you, I take off my hat to Harry Hawes. He's the smoothest of them all, he's a fair proposition. I intended to go to West Baden for a vacation, but I decided to stay in town until after Tuesday and help pass these billig. "I'll make a motion to reconsider the vota

and then have them placed on their passage, I'll vote age for them all, and the lifth Ward will be all right. About the other fellows, I don't care. They can do what they please. But I hope every ward will be represented at the rext meeting.
"Let me tell you this, though If any mob or committee, from the Jefferson Club or any other old concern, shows up to tell me what to do. I won't make the motion. Harry Hawes is right when he says the House is a deliberative body. I take off my hat to Harry Hawes. He's got sense, and he's smooth and square. While those other fellows were shouting blood and thunder Saturday night, you didn't hear Harry turn on his beliews. Not much. He objected to sending a committee, or whatever you want to call it, down to instruct us in legislation. Harry believes in a square deal, and that's why I take off my hat to him. "Now, I want you to give me a fair how. Don't parade me in the paper as an

obstructionist and hold-up man. I've got \$5,000 that belongs to any man who proves that I ever accepted any coin for voting for a bill. This is my fifth term in the House, and I defy any man to prove that I ever approached anybody for money for my vote or got in on any divide. That's me. Say, do you think I want to wear stripes? Not Jim. I've got money, and I don't need these little shakedowns. "Good streets are what I like. I'm in for all kinds of public improvements.

Every public improvement bill that comes to the House gets my vote. I've postponed my trip to the Springs to vote for the street bills that were laid over. If I'd only thought about adjournment on the 7th. I'd have voted to lay them over. So I'll move reconsideration and vote aye. After that the Fifth Ward will be all right, and

that the Fifth Ward will be all right, and I'll leave for a rest.

"Combinations have no attraction for Jim, either. I'm not in this scrap for Speaker. I don't care who comes out on top But I'd rather vote for a yellow dog for Speaker than for any one of the nineteen fellows who attended that Jockey club caucus. I'd like to see Stannard or Howard elected Speaker. I'd vote for Paul Reiss If he'd run."

Mr. Stannard says he will vote for the passage of all the bills, including the Grand avenue bills, but not for the wood block bills. "I am a property owner," he said, "and am in favor of public improvements. Streets must be improved or houses will not rent. The reason I voted to lay these bills over was to get the to investigate. not rent. The reason I voted to lay these bills over was to get time to investigate them. We've had lots of trouble in the House. You see, Kelly issued orders that nobody but chairmen of committees could see bills. That isn't a fair rule. So, if we can't see them before they're reported, we have to do something after they're reported.

"About the Westle You

ported.

"About the World's Fair bond bill. It isn't right to blame the House for not passing it yet, for the bill has not been reported. Let Mr. Burke, chairman of the Committee on Public Improvements, report it. Then, if we don't pass it, the public can blame us. It would be a terrible blight on the city if we didn't pass that bill. What would the world think of St. Louis? We'd balk everything. Still, the bill will be in danger if we are criticised too much before it is reported. That's what the boys don't like, it's up to Burke to report it. If any-body's to blame, it's Burke, and not any of us.

body's to blame, it's Burke, and not any of us.

"And I'm not in any combination, I don't care who'll be the next Speaker. Why, if the Republicans in the House would elick together they could run it. When we first went into the House nobody did anything to hold the Republicans together, and the result was that we couldn't find each other. I'm not in any combination."

cattlemen.

"The cause of the trouble is a dispute between the cattlemen and sheepmen over a division of the range. The cattlemen have been fighting for years to keep sheep out of New Fork section of Uintah County. No sooner did they get rid of one band of sheep than another would appear. At last dead-lines were drawn about a certain district which they held exclusively for cattle, and sheepmen were warned to keep away or take the consequences."

MUNICIPAL CAMPAIGN | PAINTERS DEMAND LACKED ENTHUSIASM

Representatives of Both Parties Journeymen Ask 45 Cents an Hour Confident of Victory in To-Morrow's Election.

The East St. Louis municipal campaign closes this evening, and the election is to be held to-morrow. The campaign this year has been vastly different from previous city campaigns, in that there has been but little evidence of enthusiasm on either side, there being but two tickets in the field-the Citizens' ticket and the Democratic ticket. The workers in the Democratic party last evening claimed that James Donahue, the candidate for Assessor, would be elected by a majority ranging all the way from 600 to 600. The first six wards of the city are expected to give this majority, while in the Seventh, or Broderick's home ward, an even break is hoped for. This is a Democratic ward, and bets of \$180 to \$50 were made against Broderick in this ward yesterday. Broderick's friends, on the other hand, as-sert that he will be elected by a safe ma-

jority.

Leaders of the Chizens' party are exhorting their followers to work hard, as they have been apprised of the results expected by the thorough and systematic canvass made by the local Democratic leaders. The Citizens' party leaders asserted lest evaning that their entire ticket would be alected.

INCREASE OF WAGES

and Secious Strike May Follow Refusal.

Journeymen house painters of East St Louis at a meeting in Launtz's Hall, yesterday afternoon, decided to present an ultimatum to the boss painters to the effect that if a demand for an increased pay of from 37% cents an hour to 45 cents an hour is not granted by Monday evening a strike will be called Tuesday morning. The boss painters have offered the men the pretailing wage of 374 cents an hour, but this the journeymen have refused. Serious re-setts are anticipated should a compromise reits are anticipated should a compromise not be effected by this evening.

The demand for an increased salary by the painters was made some time ago, but the boss painters could not see their way clear to grant the increase, so they say. The meeting held yesterday was to frame an ultimatum to the boss painters.

Should the painters go out on a strike, it is feared all the alied building trades will follow in sympathy and this would be a certous blow for East St. Louis, as the building booth now on is the greatest in the history of the city. All of the men it is possible to secure are working in the building trades.

The conductor put them off and they walked to within five miles of Trenton, where several heavy ties were piled across the rails along which the pas-senger was tue to pass soon. Fortunate-ly, a late freight train, pulled by one of the I, a sate regist train, puned by one of the 1,400-ton-class engines, arrived at the spot a few minutes ahead of the passenger. The weight of the ingine and the high rate of speed at which the train was going, pushed the obstruction off the track without damage being done. Word was telegraphed ahead to arrest Busch and Young and they were taken as they entered Trenton.

Ransom Paid for Miss Stone and Indemnity to Be Demanded.

Washington, March 30 .- Secretary Hay expects to receive this week a full report on the Stone case from Minister Leishman at Constantinople. This report will be used as the basis for representations looking to obtaining indemnity from either Turkey or Buigaris.

The Secretary instructed Mr. Leishman immediately after Miss Stone's release to gather information to enable this Government to place the responsibility for the outrage. In advance of the receipt of this report the authorities are unwilling to give their view as to the nation which will be brigands, and, in addition, compensation for the injuries suffered by the American missionary, but it is evident that they believe the Sublime Porte should be required to satisfy the indemnity demand.

Buigaria will not, however, escape scathless. As the Macedonian Committee is known to have had some connection with on the Stone case from Minister Leishman

No expectation is entertained by the officials that it will be possible to apprehend and punish the brigands who captured Miss Stone. They have disappeared and it would be useless to demand their arrest.

Where theres Ayers there's Hope

Never give up. Even if you have been trying a Sarsaparilla and have not improved. It's not the slightest reason why "Ayer's" will not cure you.

"Ayer's" is not like any other Sarsaparilla. Doctors know this. They have our formula. That's why they always recommend "Ayer's" in preference to every other kind. It's the oldest, safest, strongest, best.

"Your Sarsaparilla has done me a great deal of good, putifying my blood and giving me strength and a general invigoration of the whole body. I know it is the best blood-cleanser, and it has done me a wonderful sight of good."
